Dear Mr. Thompson:

Thank you! The children and staff of the Pauline E. Mayer Shelter would like to thank you and 401-KIDS for your donation of children's clothing and caps. We appreciate your consideration in calling to ask what items would be needed by the Shelter. Your donation was timely as well as much needed.

All of the underclothes, t-shirts, and caps were immediately put to use. The infant and toddler clothing was very helpful at the Pauline E. Mayer Annex which houses sixteen children ages infant to five years of age. The larger t-shirts and caps were made available for the older children to wear during their stay at the Shelter.

As you know, the shelter is operated by the Children and Family Services Division of the Department of Human Services. Last year we provided emergency shelter services for over two thousand four hundred abused, neglected, sexually exploited and abandoned children. Consequently, we depend upon the generosity of friends like you in our community to help make the shelter the kind of home the children deserve.

Again, thank you for your kindness.

Sincerely,

A handwritten signature in blue ink that reads "Anne Baker".
